### Eric Gibbons

**During the quarter, about how many hours on average per week did you interact with this TA in section, class, lab, office hours, and other meetings?**

2

### Eric Gibbons

**How much did you learn from this TA?** A great deal

### Eric Gibbons

**Overall, how effective was the instruction you received from this TA?** Extremely effective

### Eric Gibbons

**What skills or knowledge did you learn or improve from this TA?** Continuous and discrete Fourier series and transforms

### Eric Gibbons

**What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:** He was always willing to go deeper into the derivations behind the rules.

**Aspect 2:** He was clearly a genius at Fourier transforms, but unlike most geniuses he was able to teach us!

### Eric Gibbons

**Overall, how effective was the instruction you received from this TA?** Extremely effective

### Eric Gibbons

**What skills or knowledge did you learn or improve from this TA?** Eric was the sole reason I learned anything in this class. He went over all the material again in office hours and was incredibly good at explaining concepts that were glossed over in class.

### Eric Gibbons

**What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:** -help with psets. Eric's philosophy was to be liberal with help on psets. This was incredibly helpful because not only could we grasp what it was we needed to understand in order to complete the problems but also it held us responsible for completing the concepts on our own

**Aspect 2:** Incredibly effective and quick to respond to emails and give a detailed response.

### Eric Gibbons

**What skills or knowledge did you learn or improve from this TA?**

Clarifications on topics that were not covered in great detail during lecture or in the slides, intuitive explanations of conceptual ideas that appeared on the homework.

### Eric Gibbons

**What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:**

Good clarity in explanations - provided good intuition on how to solve problems.

**Aspect 2:**

Good pace of answering questions (did not linger too much on questions and did not provide overly brief answers either).

**Aspect 3:**

### Eric Gibbons

**How can this TA's teaching be improved? (Please type one idea in each box below.) - Aspect 1:**

The TA could be more active in replying to emails regarding clarifications - For instance, the TA did not respond to a couple of emails regarding the the policy on lost work for a missing lab grade. Overall, however, the TA was very good.

Everything. Everything I learned in signals was from Eric! He's great.

### Eric Gibbons

**What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:**

I appreciated his honesty. Like Eric would explain problems, but then reiterate that we really needed to know the materials ourselves if we wanted to succeed, so it really felt like he cared about us doing well and I appreciated that.

**Aspect 2:**

Very good at explaining things, and always open to re-explaining things when we asked. Lots of patience.

**Aspect 3:**
